1. MISSION

1.1. The Hong Kong Virtual Area Control Centre (“HKVACC” hereafter) is set up to simulate air traffic control activities within Hong Kong Flight Information Region (“HK FIR” hereafter) in a realistic, safe and professional manner. This virtual organization aims to provide an open, welcoming learning environment where all VATSIM members can learn and practice their air traffic control skills. Hong Kong VACC shall remain politically neutral at all times.

2. FUNCTIONS OF HONG KONG VACC

2.1. In the view that VATSIM lacks a uniform definition of the functions of a VACC, the follow functions of a VACC shall be adopted at Hong Kong VACC, originally from the policy established by VATSIM Europe Region in 2001:

- Coordinate training of new members
- Maintain archives of required material for Pilots and ATC within their airspace
- Coordinate ATC operations within their airspace
- Organize and publish events within their airspace
- Brief visiting pilots on procedures
- Communicate with its division (i.e. VATSEA) regarding local matters
- Create and maintain a local VATSIM community for all VATSIM members belonging to the VACC area, be they ATC or Pilots
- Create and maintain a local website.
- Create and maintain local Forums for local members in English or local language as required but at all times with a section in English for Visiting Controllers.
- Maintain a clear and up to date who is who and local staff contact list

3. LANGUAGES USED AT HONG KONG VACC

3.1. English shall be the primary language for all communications and publications and the working language within Hong Kong VACC.

3.2. Air traffic control service provided in Hong Kong FIR shall only be in English.

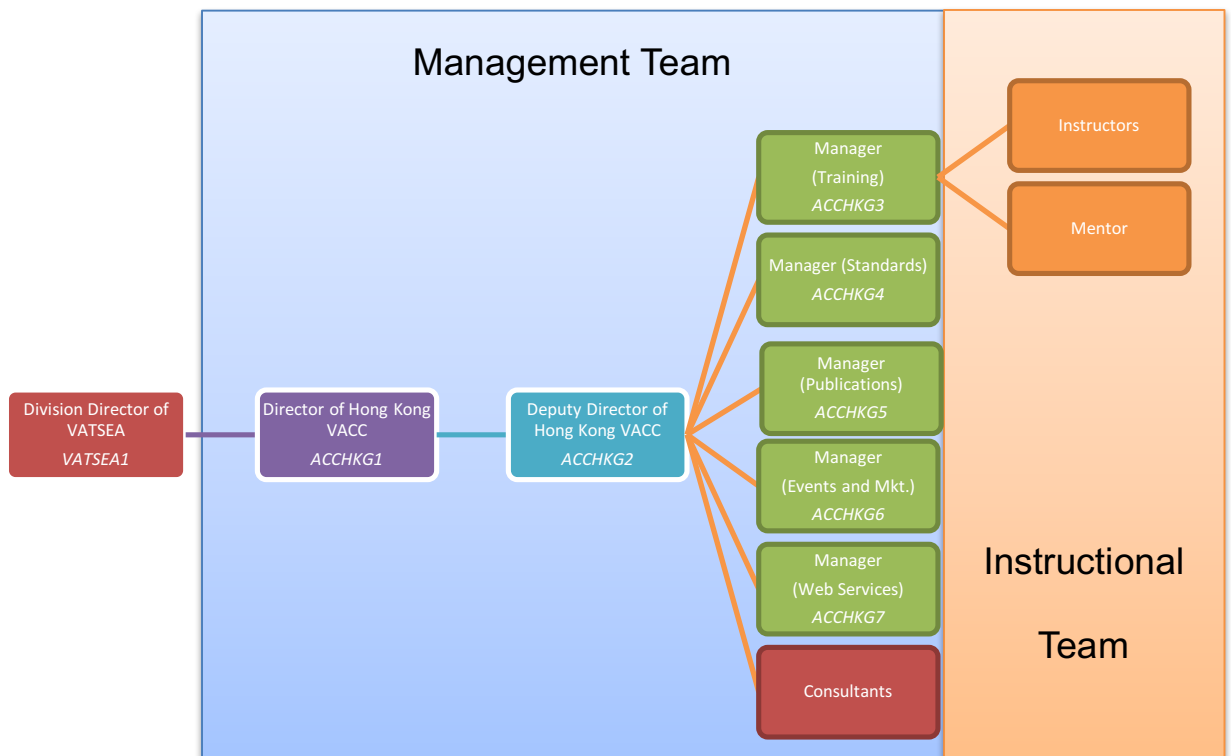

3.3. While all official activities shall be conducted in English as the primary language, in certain circumstances, Chinese may be used as the supplementary spoken language and Traditional Chinese as the supplementary written language to facilitate official activities if needed. This shall not be applicable to any air traffic control activities online following the practice in the real world.

4. STAFF MEMBERS OF HONG KONG VACC

4.1. Appointment of all staff members at Hong Kong VACC, except the Director of Hong Kong VACC, is the sole responsibility of the Director of Hong Kong VACC. The Director of Hong Kong VACC shall periodically review the staff structure and make necessary changes to reflect the operational need of the facility. The Director of Hong Kong VACC shall be appointed by the Division Director of VATSIM Southeast Asia Division in accordance to all applicable VATSIM, regional and divisional regulations.

4.2. All staff members at Hong Kong VACC, including the Director of Hong Kong VACC, shall maintain an active presence on the network to perform the duties of their positions. In rare circumstances that a staff member becomes inactive for an extended period of time without maintaining communication with the Director of Hong Kong VACC, the Director of Hong Kong VACC shall make the decision of terminating the staff role of that member based on reasonable grounds in the interest of the facility. Such decision is deemed final in most cases. However, in the event that the Director of Hong Kong VACC has made an unreasonable removal of staff members from the VACC management team, deemed by the Division Director of VATSEA, the removal shall be further reviewed by the division director as needed. The only exception to this regulation is any consultant or any mentor who volunteers to provide assistance to the VACC on a part-time basis.

- 4.4.7.2. Provide technical support of web design and the server. This may involve working closely with the host of the server
- 4.4.7.3. Manage the content of the Hong Kong VACC website to provide adequate information to all VATSIM members. Essential information includes but is not limited to:
 - Controller Roster
 - Provide updated Notice-to-airmen (NOTAM) relevant to Hong Kong VACC to all members
 - All documents published publicly by Hong Kong VACC
 - Method of signing up or transferring to Hong Kong VACC
 - Contact method (e.g. email) of all staff members and the training team
- 4.4.7.4. ~~Work closely with Manager (Training) to maintain a web-based resource platform and provide technical support (Deleted in Revision no. 1)~~

4.4.8. Consultants

4.4.8.1. Provide supplementary operation assistance and expertise to the management team of Hong Kong VACC on a part-time basis.

4.5. Appointees of all managerial positions, including Director of Hong Kong VACC, must be registered as a member of Hong Kong VACC under VATSEA division and a local controller with active status. Consultants, however, may be members who neither belong to Hong Kong VACC nor VATSEA division. All consultants must maintain active local controller or visiting controller status at Hong Kong VACC. In addition, no members of the management team shall be currently holding any staff positions or have held any staff positions in the past three hundred and sixty five (365) days on any flight simulation network other than VATSIM.

4.6. The following list is the minimum requirement of controller rating for each position on the management team:

POSITION	MINIMUM RATING
Director of Hong Kong VACC	C1
Deputy Director of Hong Kong VACC	C1
Manager (Training)	C1 (preferably C3) with instructor certification
Manager (Publications)	S3
Manager (Standards)	C1
Manager (Events and Marketing)	S2
Manager (Web Services)	S1
Consultant	S2

4.7. Managers and consultants who have served in the management team for more than three hundred and sixty-five (365) days and have provided satisfactory service may apply to add “Senior” to their position titles (e.g. Senior Manager, Training, Senior Consultant etc.). The VATSEA Division Director and the Director of Hong Kong VACC will jointly decide whether an applicant has provided satisfactory service within the management team and will jointly approve such applications.

4.8. For situations under which a vote is required or needed from members of the management tea to make a collective decision on matters related to the operation of Hong Kong VACC, the Director of Hong Kong VACC, the Deputy Director of Hong Kong VACC and each member holding a manager positions shall each have one vote. Consultants are not granted voting rights.

4.9. The recruitment process for any position within the management team, except for consultants, at Hong Kong VACC shall open to all VATSIM members. If a candidate is not a local controller of Hong Kong VACC at the time of the application, such applicant must receive the relevant local controller training of Hong Kong VACC and be certified up to the highest position of the rating of the applicant before the appointment to a position within the management team. The recruitment of positions within the management team, except for consultants, must be announced through VATSIM forum, Hong Kong VACC official website and/or other social media platforms. The recruitment period shall be fourteen (14) days or more.

5. INSTRUCTOR AND MENTOR POLICY AT HONG KONG VACC

- 5.1. Method for instructor appointment and qualification is defined by the Instructor Policy of VATSEA division.
- 5.2. Instructor certificates on VATSIM (i.e. I1 – Instructor and I3 – Senior Instructor) should not be considered a controller rating or merit-based recognition but a delegation of power to an experienced controller on the network to carry out the duties of an instructor. Under no circumstances shall any instructor appointment be permanent.
- 5.3. Mentors are appointed at Hong Kong VACC to assist instructors with training activities. The difference between a mentor and an instructor is that a mentor cannot administer any exam without the authorization from the Training Manager. On a case-by-case basis, the Training Manager can appoint a mentor to administer an exam resulting from the lack of availability of instructors. The exam administered by a mentor must be of a promotional exam at least one rating below the current rating of the mentor. For example, a S3 mentor can only administer promotional exams for controller of S2 ratings or below. Such approval shall be on a one-off basis.
- 5.4. Hong Kong VACC shall periodically review the performance and online activities of its instructors and mentors. Instructors and mentors who fail to carry out their duties according to the standard set by the Global Rating Policy of VATSIM and/or additional policy set forth by Hong Kong VACC, the Southeast Asia Division and/or the Asia Region shall be subject to the review of Manager (Training). Director of Hong Kong VACC and/or Manager (Training) shall revoke the instructor appointment of any instructor or any mentor who fails to properly carry out their duties for at least one hundred and twenty (120) days.
- 5.5. Qualification for instructors shall be determined using the guidelines set forth by the Southeast Asia division and the Asia Region.
- 5.6. To qualify to be a mentor at Hong Kong VACC, a controller must hold a rating of S3 or above, maintain a clean disciplinary record (i.e. no major violation of rules in the past), maintain an active presence in accordance to the requirements set forth within this policy and receive a recommendation from Manager (Training) or the Director of Hong Kong VACC.

6. LOCAL CONTROLLER ACTIVE STATUS REQUIREMENT

- 6.1. To qualify as a local controller at Hong Kong VACC, one must be an active member of VATSIM. If the applicant is transferring from another division to Hong Kong VACC, he/she must maintain an active presence on the network using the definition of “active” under his/her former division. In addition, such applicant must maintain a clean disciplinary record within the former division and may be required provide a recommendation from the division head of the former facility.
- 6.2. To qualify to control at each position within Hong Kong VACC, a local controller must undergo local controller training set in accordance to the Controller Syllabus of Hong Kong VACC. Providing service at an uncertified position is strictly prohibited in any circumstances and shall be subject to disciplinary actions.

- 6.3. Controllers are expected to maintain an active presence within the VACC. To be considered active, a local controller must provide active local controller service at any position within Hong Kong FIR either: (a) for a minimum of THREE (3) hours every month, or; (b) for a minimum of **TEN (10) hours within a three month period**. Visiting controller hours outside of Hong Kong FIR cannot be counted towards this requirement. If a controller fails to fulfill this requirement for **FIVE (5) consecutive months**, the controller will be considered “inactive” and will be required to undergo a familiarization course to ensure that his/her skills are on par with the standard of Hong Kong VACC. After passing the familiarization exam, the controller will regain active status within the VACC.
- 6.4. Exemptions can be granted on a case-by-case basis under certain unforeseeable or uncontrollable circumstances (e.g. military deployment, business travel, family matter etc.) through the process of Leave of Absence. Leave of Absence must be granted in written format (e.g. email) and must be granted prior to the leave. After-the-fact exemptions are not permitted.
- 6.5. Local controllers who fail to following Hong Kong VACC local policies and procedures may receive a warning from an instructor or staff members. If the violation recurs or the controller makes multiple violations, Manager (Training) and/or Director of Hong Kong VACC of Hong Kong VACC may review the case and decide whether a suspension of active controller status is necessary. Such suspension will be reviewed the division director of the Southeast Asia division (VATSEA). This suspension of active controller status may be in addition to any suspension/termination of VATSIM membership determined by the VATSEA conflict resolution team depending on the nature of the violation(s).

7. VISITING CONTROLLER ACTIVE STATUS REQUIREMENT

- 7.1. To qualify to be a visiting controller at Hong Kong VACC, one must be an active controller at his/her home division. The “active” definition is subject to the definition of the home division. Such controller must also have maintained a good record on VATSIM without any major disciplinary record. A letter of recommendation confirm active status and no major disciplinary record must be provided by the controller’s home division prior to the beginning of Hong Kong VACC visiting controller training
- 7.2. Visiting controller will be required to undergo training to qualify to control at each position according to his/her rating at Hong Kong VACC. Manager (training) has the discretion on whether blanket training can be provided to qualify the new visiting controllers to control all positions available to his/her rating. If such blanket training is not available, the new visiting controller must undergo training by position. When the visiting controller receives a promotion at his/her home division, such controller will have to undergo training in order to control new positions available to him/her at Hong Kong VACC.
- (Example: John Doe joined Hong Kong VACC as a visiting controller when he was a S2 controller and was trained to control all positions up to TWR. He just received a promotion to S3 at his home division and was permitted to control APP/DEP positions there. However, John must undergo training related to terminal control in HK FIR before he can control APP/DEP positions at Hong Kong VACC)*
- 7.3. Visiting controller training shall consist of a tutorial course aim to familiarize the controller with the position(s)

he/she wishes to control. Such tutorial course shall be followed by a written/oral exam with a passing score of 70% or above. Once such qualification exam is passed, the new visiting controller will be granted permission to control at the specified position. After the permission is granted, to maintain it, the visiting controller must remain an active presence at Hong Kong FIR on the network following the requirements specified in section D.

- 7.4. To maintain active visiting controller status, a visiting controller must provide active visiting controller service at any position within Hong Kong FIR either: (a) for a minimum of **THREE (3) hours every month**, or; (b) for a minimum of **TEN (10) hours within a three month period**. Controller hours accumulated outside of Hong Kong FIR cannot be counted toward this requirement. If a controller fails to fulfill this requirement for **FIVE (5) consecutive months**, the controller will be considered "inactive" and will be required to undergo a familiarization course and exam to ensure that his/her skills are on par with the standard of Hong Kong VACC. After passing the familiarization exam, the controller will be regain active status within the VACC.
- 7.5. Exemptions can be granted on a case-by-case basis under certain unforeseeable or uncontrollable circumstances (e.g. military deployment, business travel, family matter etc.) through the process of Leave of Absence (LOA). Leave of Absence must be granted in written format (e.g. email) and must be granted prior to the leave. After-the-fact exemptions are not permitted.
- 7.6. Visiting controllers who fail to follow Hong Kong VACC local policies and procedures may receive a warning from an instructor or staff members. If the violation recurs or the controller makes multiple violations, Manager (Training) and/or Director of Hong Kong VACC of Hong Kong may review the case and decide whether an expulsion is necessary. Hong Kong VACC may report such violation(s) to the home division of the visiting controller.

8. HONG KONG VACC SERVICES USAGE AGREEMENT

- 8.1. Hong Kong VACC, at its sole discretion, may provide online services, such as website, training platform, forum, TeamSpeak server, voice server etc., to facilitate operational and training activities. The use of such services is considered voluntary and is governed to all global VATSIM policies and any applicable regional, division or Hong Kong VACC policies. Such privilege may be revoked on a case-by-case basis if severe violation is made.
- 8.2. The use of Hong Kong VACC services is also subject to the laws of the Hong Kong Special Administrative Region and/or any applicable local laws of the user.
- 8.3. No political, obscene, discriminatory, racist or profane material or language may be displayed or used where Hong Kong VACC services are hosted.
- 8.4. Hong Kong VACC may share TeamSpeak (TS) resources with the Southeast Asia division (VATSEA) and its member VACCs. Users of such TS resources agree to comply with all applicable VATSIM regulations and respect other users within the TS server.

9. REVISION OF THIS POLICY

9.1. This policy should be subject to the periodical review of the Hong Kong VACC management team. A Hong Kong VACC staff member, a Hong Kong VACC consultant, or the division director can initiate a request for amendment through the Director of Hong Kong VACC of Hong Kong VACC. If the Director of Hong Kong VACC finds reasonable grounds for such amendment, he/she shall then approve the amendment and submit the request for the approval of the Division Director of VATSEA. All amendments shall be recorded in the Record of Revision within this policy.
